Specially designed for mothers (aunts, grandmas) & daughters ages 9-12 years old, these workshops will encourage girls to celebrate who they are and boost their self-esteem. We want every girl to love who she sees in mirror. We not only want to inspire girls, we want to awaken them to their true selves, and with your help we can do it.

This 3-hour workshop is crafted with guidance and activities that will not only create lasting memories for you and your daughter, but will plant seeds for continued growth. You will each gain a deeper understanding of your potential and will create a stronger bond. The take-away-tips will keep the confidence and connection going and growing in the years ahead.
